MUI

TailwindCSS

## WORK EXPERIENCE

### Software Developer

#### Sitelicon Ecommerce Services

08/2023 - Present

Madrid, Spain [Remote]

##### Achievements/Tasks

- Developed **frontend** solutions using various frameworks and technologies, such as **React**, **NextJS** or **Astro**, implementing interactive components to improve user experiences.
- Designed and crafted multiple landing pages for Nacon, a renowned mark in the entertainment industry, ensuring timely delivery and efficient development by creating a custom template.
- Led the development of distinct sections for PACOMARTÍNEZ, a prominent travel-related products retailer. Played a key role in creating both intuitive admin panels and user interfaces.
- Collaborated in the creation of robust **RESTful APIs** using **Laravel (PHP)**. Actively contributed to the development process by creating endpoints and managing data effectively.

## EDUCATION

### Front-End Development Bootcamp

#### UpgradeHub

03/2023 - 07/2023

Madrid, Spain

Remote

- Worked extensively with **JavaScript**, **Angular**, and **React**. Successfully completed challenging projects, gaining valuable hands-on experience.
