Professional developer with +1 year of experience, ready to apply my skills and knowledge in the development of quality solutions, bringing enthusiasm, commitment and adaptability from day one.

WORK EXPERIENCE

Sitelicon Ecommerce Services   **Madrid, Spain [Remote]**
Full-Stack Developer   *August 2023 - Present*

- Developed frontend solutions using various frameworks and technologies, such as React, NextJS or Astro, implementing interactive components to improve user experiences.
- Designed and crafted multiple landing pages for Nacon, a renowned mark in the entertainment industry, ensuring timely delivery and efficient development by creating a custom template.
- Led the development of distinct sections for PACOMARTÍNEZ, a prominent travel related products retailer. Played a key role in creating both intuitive admin panels and user interfaces.
- Collaborated in the creation of robust RESTful APIs using Laravel (PHP). Actively contributed to the development process by creating endpoints and managing data effectively.
- Improved website performance across multiple projects by using Lighthouse, expanding knowledge in optimization techniques and best practices, resulting in faster load times and better user engagement.
- Assisted in website redesign projects, applying growing experience in UX/UI to create more user-friendly and visually appealing interfaces.
